"Thanks due to Allah, we thank Him and we ask for His help and His forgiveness, and we take Allah's protection against our wrongdoings, he who Allah guides has no misleader, and he who becomes misled has no guide, and I testify that there is no God but Allah; the only and has no partners, and I testify that Muhammad is His servant and messenger, and thereafter:"

"My Muslim brothers in Pakistan, peace be upon you and Allah's mercy and blessings, and thereafter:"

"My talk with you [now] regarding the current war between the army and the mujahideen in Swat [valley] and the tribes regions, Allah's messenger, peace and prayer be upon him, said: 'None of you has faith until he likes for his brother what he likes [also] for himself.' [Hadeeth in consensus]"

"I like for you what I would like for myself, and the greatest [thing] I would like for myself to be void from hell and enter paradise, as that is the greatest victory. So, I ask Allah to make us from its inhabitants. This is what I like for you, and it is why I need you. "

"Servants of Allah, All of us in this life; in a place of test, plague and strife, so consider Allah's saying, raised and glorified, [Verse]"

"And, from some of the plague and testing for us in our current time these wars lead by the crusader-Zionist alliance and their cooperative from [among] the apostates against our nation. And, from among them the war America and Zardari's government declared against those who demand establishment of religion in Swat Valley and the tribes regions. So judge yourselves before you get judged, and weigh your deeds before they get weighed [for you], and luckily for us that this test is easy and does not need explanation to appear clearer. It is easy and brief: are you with establishing Allah's Sharia, or with its fighters America, Zardari and their company?"

If you are with the first team, then thank Allah that He graced you to accept His faith and His support, and continue your Jihad in His cause. If you are a supporter to Zardari's posse and his soldiers, then you are in great danger, and if you remained lime that, then you brought upon yourself a one-of-a-kind disaster, and that is *the* clear defeat. How not, and Allah has declined faith for those who refused governing with His sharia, so listen to the speech of truth [Allah], raised and glorified, [Verse]"

"And, be aware that some things do not gather in a human's heart [at once]: faith in Allah, and sympathy and loyalty to His Sharia's enemy. And, whether they were our enemies or our children, so how about Zardari and his army? And, you [should] ponder Allah's words [Verse]... And [also] ponder Allah's words [Verse], ponder the words of Allah's messenger, prayer and peace upon

him, 'The widest holes in faith are loyalty in Allah, and hostility in Allah, and love in Allah, and hate in Allah, raised and glorified.' [Told by Ahmad]"

"Servant of Allah: take care of yourself and your faith, and do not be bedazzled by the low life, and be aware of the grave as the grave is very important, and every person is happy with his people, while death is closer than the size of his shoehorn. It only [a matter] of days then we will leave this life, and we'll be put tomorrow in graves, and tomorrow is near for those awaiting it, and then every one of us will be asked in his grave: who is your Lord? What is your religion? Who is you prophet?"

"And, Allah's messenger said: 'There is no servant that says when he goes to sleep and when he wakes up 'I accept Allah as my Lord, and Islam as my faith, and Muhammad, prayer and peace upon him, as my prophet' three times, and Allah will not satisfy him.' [Told by Ahmad]"

"And, he who doesn't accept His Sharia, instead of fighting it, Allah will not satisfy him, and he will regret when regret is invalid. And, he who accepts Islam as a religion, must reject with his hands Zardari and his army and what they do in fighting the Sharia, and if he cannot [fight them] then by his tongue, and if he cannot then by his heart, and there's no difference in faith between that and a mustard seed. And, Allah's messenger, prayer and peace upon him, said: [Hadeeth]"

"Servant of Allah, what will you tell you Lord tomorrow, if you remained standing in the trench of those who fight to prevent the establishment of Allah's religion, they fight for the cause of the tyrants, you support them by your weapon or speech, justify their deeds, and accuse the mujahideen with what the leader of the white house accuses them with that they're terrorists and vandals, so if you were asked: what is your religion? Will you be able to lie when lying cannot help you? If you said my religion is Islam and you didn't stand under His banner but you stood under the banner of Obama and Zardari in fighting the faith."

"And, people become known and distinguished in their loyalty to their banner, so look at which banner you stand, and it should be oblivious to you that Zardari fights Allah's Sharia for the cause of of the bigger American tyrants. And Allah, raised and glorified, has clarified the status of those who fight for the cause of the tyrants that they are kuffar, and kuffar do not get prayed on and do not get buried in the Muslim cemeteries. So, consider Allah's words [verse]"

"Zardari and his army are from amongst the sponsors of Satan, and in this there's a response to those who deprecatorily question: how do the mujahideen fight the Pakistani Army, saying it is a Muslim Army. Add to that, the Pakistani Army is the one who came to the tribes region to fight them, in agreement with America and answering to its demands. And, it should be clear if a Muslim supported the kafirin and supported them against the Muslims, his faith will recoil and in that he becomes a kafir [and] apostate. As there are recoils in Wudoo' (When a Muslim washes hands before prayer) there are also recoils in faith and this is one of them. "

"And this clear in the words of Allah [Verse]"

"So, who stood by America the Christian and who supported it? Isn't that Zardari and his government and army? So, how would you judge? He who support the kuffar [becomes] is one of them, then he must be fought against, even if he fasted, prayed and claimed he is a Muslims."

"And, I remind you that Russia used to get help from the Afghani Army to fight the mujahideen, and today America uses them to do the same role. The armies and military powers in all of the Islamic world's capitals became tools in the hands of the [Muslim] nation's enemy from the inside, outside, and both together, so, it is forbidden to engage with them. And that became clear also in the recent Gaza war where Arabic military powers participated in sanctioning our people in Gaza from the side of Rafah, in support of the Jews, while the armies of neighboring countries prohibited the mujahideen from going to support their brothers in Palestine."

“And, the mujahideen used to fight the Russians and the Afghan Army at the same time, they were in consensus, and the Ulama from Pakistan and others of Muslim countries used to declare fatwas to fight them, even if they fasted, prayed, and claim they were Muslims, because they fight in the same trench with the Kuffar. Therefore, be considerate O people of vision. This is the situation of the Pakistani Army today, it is with America in one trench against Islam, so it is a duty on the honest people of Islam to fight them, and for those who claim to be forced to kill Muslims, this force isn't considered according to Sharia, and via this claim of force many Muslims are tricked, until the matter reached that Zardari's men were rumoring about this claim that they're forced to fight the people of Pakistan on the Western borders province, and otherwise America will push India to declare war on Pakistan. And what is sorrowful that some Muslims are repeating this claim without logic or consideration. The likes of those are like an unjust man who threatened you with killing if you did not kill your children and brothers, so will you kill or fight?”

“Let us assume you are incapable of fighting him, this is a disaster that has fallen upon you, so it is not permitted for you in order to save yourself from being killed to kill an innocent human without right. This is the ruling of the Sharia. But, the rumor about the claim of force and taking it as an excuse, will result in us allowing the apostate leader to defeat Allah's religion and exchange it with a his [own] religion or his employer. And, this is opposing to Allah's letters and his messenger's, peace and prayer upon him, and is contradictory to Allah's command, that states that faith must be all to Allah.”

“Servants of Allah: Be cautious not to be from among those who Allah's spoke of in [verse]. And, be cautious from Zardari and Yousef Reda as both of them are outsiders from the Sunna of Muhammad, prayer and peace upon him, and they fight it, and you must disown everyone who supports them even with words, and especially the malicious Ulama and media who in the recent past provided cover for the former cooperative when he carried out a wicked deed by attacking the Red Mosque, and killed students, and all what they hated about them is that they wanted to establish Allah's sharia. These innocent pure bloods were shed, we consider them [martyrs] and Allah is their [ultimate] considerer, in the place of prayer and worship to satisfy America who graced Pervez [Musharraf], May Allah punishes him as he deserves. ”

“And today, some malicious Ulama play the wicked former role in support of the new cooperative. Those, the Muslims should not doubt their kufr and hypocrisy, as they sacrifice [their] Islam and the mujahideen to save themselves and their money. The likes of those must be deterred with power for supporting the apostates.”

“And, the essence of the talk is that Asif Zardari and Ishtaq Kayani continued to take the army away from their main duties which is protecting Islam, its followers and land. And, they pushed it instead to fight Islam and its followers, and they directed them to fight the Pashtun tribes, and most of the Pakistani army rejects this unjust war. And, Zardari did that answering those who pay him from the White House; not 10% but many times that. And, that is a great betrayal to the loyalty, as he betrayed the people and the nation.”

“And, I'm not saying that he is exposing the Pakistani economy to collapse only, but also there is what is more important and dangerous that by this war he exposes the religion, security and unity of the people of Pakistan to danger, to execute an American-Jewish-Indian plot, so it becomes easier for India to subject Pakistan's dismantled provinces, one after another, to its influence, similar to former East Pakistan's situation, or worse than that.”

“And, with that America's worries are removed regarding the Pakistani nuclear weapons instead of participating with India to fight the mujahideen. So, the Muslims in all of Pakistan must cooperate in facing Zardari and his army who threaten their religion, security, unity and economy, and continues work to alienate and judge them. So he, despite what hit Pakistan of great harm on the hands of Pervez [Musharraf], the harm that's expected to result on the hands of Zardari, of American demands in Pakistan, is more intense and wicked. And, the way to end his

strife and the strife is his army is through their [Pakistani people] Jihad for the cause of Allah. This is explained by Allah's saying [Verse].”

“And, you must know that the Army that dared to fight the establishment of Allah's Islamic Sharia is an apostate army and there isn't any goodness in it. If he jeopardizes our Islamic Sharia, and it is the greatest things we have, then anything else is even easier to jeopardize; our blood, honors, land and wealth, so no one depends on him except [either] an or ignorant or a hypocrite, as he did not regain Kashmir back and he is eligible to risk Pakistan itself. But, the ones who will protect Pakistan are its mujahideen people, Allah-willing.”

“And, before conclusion, I have some words I would like to direct to America. And, for the narrowness of the stand, I summarize some of it quickly that is relevant to our subject, and I postpone the rest in another message, Allah-willing. And some logical and just people there might infer from speech in the research and study centers, to know the reasons that push people to fight America and take revenge. While, some will not pay attention to what we say; those representatives of big companies at the White House, so I say: the free people who carried out the events of the Eleventh [of September] will never taste the bitterness of oppression in their homes and lands; to be havened by tents and satisfied with food, but those 19 heard that this oppression has hit their brothers in Palestine with American weapons and with Zionist hands, so they left their schools and universities with the appearance of the first chance in front of them to rescue the weakened there, to punish the unjust in America, so how if they [actually] tasted the miseries and woes?”

“Obama, with his commands to Zardari and his army, to prevent the people of Swat from establishing Sharia with killing and fighting, raids and destruction, which caused the migration of one million Muslim of elderly, women and children from their own villages and homes, and became destitute and refugees in tents after they were in their homes endeared. ”

“And, this simply means that Obama and his administration have instilled new seeds to increase the hatred and revenge towards America. The number of those seeds is the number of harmed and destitute people from Swat valley and the tribal regions in Northern and Southern Waziristan, and the number of their sympathizers. And, with that Obama has walked like his predecessors in increasing hostility towards Muslims...establishing long-term wars, so the American public must get ready to continue harvesting what is instilled by the leaders of the White House during the next years and decades.”

“And, in the conclusion, these are poetry lines of encouragement in which I encourage myself and my brothers for the poet Yousef abu Hilala, I dedicate to every mujahid one by one from the Muslim nation in general, and to the mujahideen in Afghanistan and Pakistan in particular, and also the mujahideen tribes of Pashtun, and atop all of them the Amir of believers Mulla Muhammad Omar, may Allah gibe him victory. Those were the ones who suffered the main heaviness of the war in Afghanistan and Pakistan, on behalf of the nation in facing the international kufr. So, I ask Allah to solidify their feet, and direct their arrows, and accept their martyrs, and heal their wounded, and provide them with support, and to defeat their enemies, and reward them goodness in life and afterlife, He is in charge of that and the most capable of doing so. ”

“And, I also recommend to my family and brothers to revere Allah in secrecy and publicly, and I tell them: be patient as you are truthful, it is either we live in the shadows of Islam or die the death of the honored. Be steadfast, may Allah have mercy on you, and prepare yourselves for a long war against the international kufr and its people, despite hardship of the road and shortage of supporters, and make sure Muslims aren't harmed as you have raised for Allah's religion the highest of flags, your symbol in unity and Allah is the greatest.”

“You engage with the sea of death and you do not fear it, and he who doesn't fear death is not careful. Your path is rugged has a tough behavior, and it has sacrifices and sequels will increase. A

path to one of the good aftermaths is your path, your path is openness and supported victory. Or, death in absence of faith, honor and blood, and those who died seek to grace excused.”

“Also, I encourage my Muslim nation to stand by the side of the mujahideen and support them everywhere, with noting that the head of international kufr has announced that the main battlefield to fighting our nation has moved to Afghanistan and Pakistan, so it is important to have the arrow of Jihad in this region from your charity and support that fit with the enormity of crusader campaign. And lastly, here are the poetry lines of Abu Hilala.”

[Some poetry lines]

“And our last prayer is thanks due to Allah, Lord of Worlds.”
