"In the name of Allah the Most Merciful the Most Compassionate"

"A statement regarding dismantling the media cooperation between Jaish al-Islam (Army of Islam) and Global Islamic Media Front (GIMF)"

"Thanks to Allah; He who endears the faith to His accordance, and who solidifies the Mujahideen with His grace, and prayer and peace upon Allah's messenger; the best of who carried Jihad with his money and self, and mercy and grace upon those who walks his path and follows his trace, then thereafter:"

"The media has a clear role in the Jihadist operation, and it has who shows its clear image as evident within, whether a [Quranic] verse or [Prophet] Hadeeth, so it was inevitable to coordinate with whom renews a professional image and a bright media front, so it was Allah that willed the media cooperation between Army of Islam and the Global Islamic Media Front in consideration to it being the only side assigned to distribute statements and communiqués, and they spent wide efforts to achieve the goal, so may Allah reward them on behalf of us and the Muslims the best of rewards for what they carry out of Da'wa effort and an educational advisory to the Muslims."

"And in order to finish the mission in accordance with the general policy of the Army [of Islam] and the [Media] Front, it has been decided between both sides to dismantle this media cooperation from the date of this statement, and in the statement there isn't a cancellation to the brotherly coordination and that is because the people of Islam are one hand against other(s), but because of media dissimilarity between both sides."

"And it is better to warn about it in general:"

- "The Army resembles itself with its independent media vision as will be announced later by the grace of Allah, and it is not being represented by any media side until a statement is released regarding that."
- "The Global Islamic Media Front is not the assigned side anymore that publishes the statement and productions of the Army."
- "We are thankful and grateful to our brothers at the Front for what they assisted us, May Allah give them the best of rewards and make them a treasure to Islam and Muslims."

- “Those who we coordinated with on goodness must not become a piece of gossip, so it is not allowed to backstab the brothers so do not be an assistant to Satan against them.”
- “It is unnecessary for the Army or the Front to explain every deed or decision, O Allah make us better than they think and forgive us what they do not know...those who follow their wrong presumptions fall in them.”

Our last prayer is thanks to Allah Lord of the Worlds
