### **Turkestan Islamic Party (TIP): "In Occasion of the Communists' Massacre of Our Muslim Nation in China and in Urumqi (East Turkistan)" Dated: July 9, 2009**

[This document is a statement obtained by NEFA investigators and made available on behalf of the NEFA TerrorWatch subscription service. The Turkestan Islamic Party (TIP) is a terrorist organization primarily based in Waziristan and elsewhere in the North West Frontier Province of Pakistan. The TIP is comprised of Uighur Muslims from western regions of China—who have sworn to wage war against the Chinese government and have carried out scattered shooting and bombing attacks. It is a splinter faction of a previous organization known as the East Turkistan Islamic Movement.]

"In the name of Allah the Most Merciful the Most Compassionate"

"Thanks due to Allah, and prayer and peace upon Allah's messenger, and upon his family, companions and supporters, and thereafter:"

"Since the Communist Chinese invasion of East Turkistan, they have set group-massacres upon the people of East Turkistan, night and day, in secrecy and in public. And, their beastly crimes advanced day after day; they force young men and women to travel into China using different tricks, amongst them: providing jobs for them, but after transferring them into China, they enslave them and give them the treatment received by mules, and the best witness on what we mentioned is the last massacre, carried by the Chinese, against Turkistani employees in the electronic-game company 'Guangdong,' and the story started with a simple dispute between Turkistanis and Chinese [laborers] and the case was supposed to go to court by those who believe they were unjustly treated."

"But, because the Chinese have gotten used to unjustly treat the Turkistanis, they [Chinese] did not send the case to court, but they called upon all the Chinese laborers in the company and they were 6000 workers, and they called the police, and also they called as many Chinese citizens from outside the company as possible, and all of those mentioned attacked the Turkistani laborers in the company and they were 800 [worker], so they killed 200 of them, and they seriously wounded 400."

"So, the people of East Turkistan demanded the Chinese Government to bring to the law those who killed their families, but the [Chinese] government brushed them aside, and did not consider their case serious, so the people were forced to carry out vengeful movements against the government, and [they] tried to take revenge against the Chinese, and an intense fight occurred between them and the Chinese, while the role of the Chinese government was to stand by the side of unjust and to slaughter to victims, and in that this killed more than 1,000 person, and the number of the injured exceeds 2,000, and the number of those thrown in the darkness of prisons exceeds 2,000 [person]."

"We declare to the secular Communist Chinese:"

“And we say: do not claim that there isn't a supporter or a rescuer for the Muslim Turkistni people, as Allah *is* their rescuer and supporter and He is alive and never dies, when they [Turkistanis] call upon Him, He answers; when they seek His rescue, He rescues them, and He is capable of destroying the unjust Chinese in a one-second time, if He willed.”

“And you ought to know that this Muslim people has men who will avenge them, and soon the knights of Allah will ambush you, Allah-willing, so await as we are with you awaiting.”

“And, we tell the Chinese people: however much you increase your injustice, oppression, and murder of our Muslim brothers, and develop your methods of torture, and become creative in torturing our brothers, do not [ever] believe you will enslave them, and the proud people of Turkistan will have men and women rise, and will [be] in all of their country and will make you [Chinese] taste [the] bitterness, as the spare-time for the bomb that has been engineered against you, has finished.”

“O Mujahideen heroes; O young men of East Turkistan, rise in the name of Allah to protect your Muslim people, and kill the Communist Chinese people wherever you find them, and take them into account, and attack them from every single angle. As, Allah, raised and glorified, said: ‘and, Allah will support those [who] support His cause.’”

“And, I call upon our Turkistani brothers to come back to their religion and hold the [Holy] Book of Allah and the Sunna of His prophet, Allah's peace and prayer upon him, and to repent from the deviational beliefs, confusing thoughts, and every word and deed that goes against our *Haneef* faith. And, come seek the mercy of Allah, do not seek help except from Him, and get closer to Him by carrying out the obligations you could, and leave-back the prohibitions however much Satan artistically beautifies them, and make all your effort to glorify the religion of Allah.”

“Remember the words of Allah: ‘Do people think that they will be left alone because they say: ‘We believe,’ and will not be tested.’”<sup>1</sup>

“We ask Allah to torture all of our enemies, and especially the Chinese people, with a slaying of His, or with our hands, and to keep us steadfast on what he loves and graces in Jihad for His cause, and to take revenge from His enemies, Amen.”

“And lastly I say, the Prophet [Muhammad], Allah's prayer and peace upon him; [as] he is the most honest and believed, said that there is no wall between Allah and the prayer of an unjustly-treated person, so may we all direct [ourselves] to Allah the [glorious] Listener and Watcher and may we pray for Him, and may we press Him [in Prayer] night and day to give us relief from the narrowness we are in, and to be kind on us with solidity in our land so we can establish the Sharia of Allah in His land, and release His [obedient] servants from the injustice and oppression of [the] Kuffar.”

“In conclusion, we ask Allah to forgive our brothers and sisters who were killed in this massacre, and to have them in the widest of His heavens, He is the Most capable.”

Peace be upon you and Allah's mercy and blessings.

Military Commander: Saif-Allah
