The NEFA Foundation is releasing this historical communiqué in light of the June 14, 2008 warning by the U.K. Foreign Office that it believes “terrorists may be planning to carry out attacks in the UAE. Attacks could be indiscriminate and could happen at any time.”]

“In the name of Allah, the Merciful and the Most Compassionate”

“We thank Allah almighty...and the prayer on his prophet Muhammad, family and friends”

“A letter to the UAE oppressors”

“We send you this loud and clear letter since you have brought it upon yourselves and did not change your way and kept on following the nation of cross and the Jews...haven’t you known by now that the Mujahidin who were able to attack America on its soil will also be able to reach the nation of cross and the Jewish pigs who are inside your country.”

“We have given you ten days to withdraw the Jewish and Christina presence in your country and to dismantle all their supporting facilities. There are 20 thousands American crusaders, 100 thousands British crusaders and other nationalities inside your country. You did not listen to us when we told you about the U.S.S Kitty Hawk that entered your harbor; however, our surveillance along with the photos and videotapes have proven what inside that harbor and showed all the American military equipment situated in the north-eastern part of the harbor. In addition, we have been surveilling the tourist city Wilde Wadi and all its leisure facilities made for the male and female cross soldiers.”

“Allowing the U.S.S John F Kennedy and U.S.S Harry S. Truman to use this harbor on their way to bomb the Moslems in Iraq and Afghanistan will not be allowed without a punishment. You have assumed that UAE is far beyond the reach of the Mujahidin; however, we declare now that the war has started and that the five years preparation period was sufficient for us to build our arsenal and prepare all the brigades across the UAE, also to learn from the mistakes of the Mujahidin in what is called Saudi Arabia and to gain additional skills from our brothers there. Your clear support for America, especially after the war in Iraq paid well and you managed to gain the affection of the cross and you permitted the Iraqi apostate police to be trained on your land and under your supervision...however, now we are ready and we shall treat you in our special way which will take you fully by surprise. The brothers in the media division already published the statement regarding your involvement and infidelity acts, that statement did not carry any signature hoping that you will reply (knowing that you will not reply)...we have warned you and gave you our advice but you have refused and did not take our response seriously and therefore

now you shall suffer from the fire of the Mujahidin, the fire that will attack you in your faces, houses and even bedrooms.”

“We warn our Moslem brothers in UAE not to be near the following places in order not to interfere with the Mujahidin work and not to be harmed since we are very cautious not to target the Moslems. The places are:”

“1: the harbor of Jabal Ali in Dubai. All the Moslem workers should leave it at once”

“2: Dubai international airport”

“3: Abu Dabi international airport”

“4: the Dubai investments center”

“This is our letter and the answer should come soon...Allah Akbar and the victory for Islam and the honor to Allah, his prophet and the Mujahidin”
