Released: June 11, 2010**

“June 6, 2010- White house correspondent Helen Thomas told Jews to get out of Palestine. In an interview with her, [a] Jewish man named...David asked Helen for her comment on Israel. She responded by saying: ‘Tell them to get the hell out of Palestine.’”

“Turning her attention to the Palestinians, she said, ‘Remember, these people are occupied. And it’s their land,’ adding the Jews should ‘go home’ to Poland and Germany.”

“No doubt that Thomas Helen [sic] has told the truth that everybody in the world knows. But as [an] American in a very important position she was attacked by Zionists who went mad from the reality she mentioned in front of all people. ”

“A document released yesterday on You Tube, shows Thomas Helen [sic] while addressing Jews as ‘get out of Palestine because it does not belong to you’”.

“Thomas Helen [sic] [was] directly accused by Jews and pro-Israel masses as anti-Semite Nazi.”

“Israelis ignore the reality that they never belong in Palestine but belong in some other countries they know better.”

“Thomas when she asked by David, where Jews should go...replied...: ‘They should go home, German[y], Poland, America and anywhere else’.”

“She also mentioned that ‘remember these people are occupied and it is their land, not German and not Poland’.”

“This statement by Thomas Helen [sic] reflects the opinion of American majority in USA and all masses who support justice and peace in Palestine an whole world.”

“Moreover, her statement serves peace process in [the] Middle East as they like to call it, to a very great extent.”

“[The] peace process will be successful only when Israel get[s] out of Arab areas, Golan and occupied Palestine. Then we can say that peace is happily achieved. Otherwise, and as long [as] Israel occupies Palestine and some Arab lands, peace will never be achieved and more headache will be brought to the world by state of terror - Israel.”

“[The] statement by Thomas Helen [sic] came as a result...[of] the bloody massacre committed by [the] Israeli navy in the Mediterranean sea...[on] 31/5/2010, [which] caused [the deaths] of 20 civilian activists who...still...[have] unknown fate.”
