“Praise to Allah Who says: ‘And fight them so no Fitna (collusion) would occur and faith would be [due] to Allah.’ And, prayer and peace upon the last of the prophets, who said: ‘I gained victory through [causing] fear for a month’s length.’ And, thereafter:”

“The heroic mujahid, martyrdom-seeking brother Omar al-Farooq waged a unique operation on-board of an American aircraft that took off from the Dutch city of Amsterdam, heading towards the American city of Detroit, during their [Christians] celebration of the Christmas holidays on Friday December 25th, 2009, by which he infiltrated all the advanced, new machines and technologies and the security boundaries in the world’s airports. Heroically and straightforwardly, fearless of death, dependent on Allah, by his great act he broke the American and international intelligence legend, and he showed their fragility and rubbed their noses in the mud, and he made all of what they spent on security development techniques a [new] heartbreak for them.”

“Unification in doctrine and Islamic brotherhood are the reasons that pushed this wealthy young man, from Nigerian origins—the mujahiden brother Omar al-Farooq—directly respond to the unjust American aggression over the Arabian Peninsula, and, grace to Allah, that was through direct coordination with the mujahideen in the Arabian Peninsula after the monstrous raids using cluster bombs and cruise missiles that were launched from the American warships occupying the Gulf of Aden, targeting the proud tribes of Yemen in Abin, Arhab, and lastly in Shabwa, and they killed tens of Muslim women and children, and they also killed entire families. These operations were waged through a Yemeni, American and Saudi collaboration, including a number of neighboring countries.”

“And the mujahideen brothers in the Manufacturing Sector possessed a highly advanced device, with Allah’s grace, and it was tested and proved to be successful and practical, and it passed the inspection machines. Brother Omar has reached his target, with Allah’s grace, but, fate from Allah, a technical error happened and led to an incomplete detonation, and we will continue the path, Allah-permitting, until we reach what we want, and make faith all due to Allah.”

“We call upon every Muslim protective of his religion and doctrine to remove the polytheists from the Arabian Peninsula and that’s through killing every crusader working in the embassies or other places, and you ought to declare it a full-scale war against every crusader in the [Arabian] Peninsula of Muhammad, Allah’s prayer and peace upon him, on land, on water, and in the air.”

“And we call upon every soldier who works in the crusader armies and the apostate governments to repent to Allah and walk the footsteps of the heroic mujahid brother Nidal Hasan, and to kill every crusader using all the killing methods available in support of Allah’s religion and in glorifying His words on Earth.”

“And from here, we say to the American people: since you support your leaders and you stand behind them in killing our women and children; await the good news of what will harm you as here we come for you to slaughter, and we have prepared for you men who love death like you love life, and Allah-willing we will come to you with something you have never experienced [or know about] before, and as you kill you shall be killed and tomorrow is near for those waiting. And those who oppress will have an unpleasant fate.”

“O’ Allah, solidify the mujahid brother Omar al-Farooq on the truth, and bring upon him calmness, patience and steadfastness many times more than what was brought upon him of hardship. O’ Allah, bring openness to his worries and trouble, and allow openness and an exit for him soon from where he cannot predict. O’ Allah, untie his imprisonment and all the Muslim prisoners from Earth’s east to west; unchanging and not exchanging fate but steadfast over the truth; [all] with your mercy O’ you are the Most Merciful. O’ Allah, bring victory to your mujahideen servants everywhere and defeat the polytheists, and our last prayer is Praise to Allah Lord of the Worlds.”
