"Praise Allah who endears Islam with His victory and oppresses polytheism with His might and manages the matters with His commands and deceives the disbelievers with His deception; He who assigned the days with His justice and made the afterlife for the pious with His grace, and prayer and peace upon he whose sword Allah raised the rank of Islam...and thereafter:"

"Five American destroyers waged a monstrous raid against the innocent Muslims in Bakazem tribes, in al-Mu'ajjila village, al-Mahgad region in Abin province, after the Dawn Prayer on Thursday 12/24, and as a result of this monstrous raid over Bakazem village almost 50 women, children and men were killed, and it came at the same time with a military campaign against Arhab tribes, using the excuse of counterterrorism (Islam), and destruction of the mujahideen vanguards from amongst the proud tribes of Yemen."

"And, in facing this tragic event we give condolences to our Islamic Nation, and particularly to Bakazem tribes and we ask from Allah to accept their martyrs and to provide them with patience and solidification on the truthful faith; we belong to Allah and to Allah we shall go back. Muslims watched the American surveillance jets roaming the Yemeni provinces a few months prior to the massacre, and they remain constant [resulting in] violation of Muslims' honors, along with cooperation with the damned Yemeni government that betrays [us] with spying, recoding and uncovering the tribes' privacies, and killing the innocent Muslims."

"And, this massacre was done through a Yemeni, American, Egyptian, and Saudi collaboration, and with cooperation from the neighboring countries."

"And everyone watched the crusader campaign leader Obama and the Arabs' pharaoh Husni Mubarak congratulating the Yemeni president for the monstrous massacre in Abin province, and Allah-willing with will update you with more details later. Regarding this unjust attack, we assure the following:"

"1 The war on our countries is a grudging Zionist-Crusader war, and it continues targeting Islam and destroying its people in Palestine, Iraq, Afghanistan, Somalia, Chechnya, Waziristan and other Muslim countries."

"2 This operation uncovers the fakery of the claimed Western democracy and their [Westerners] boasts over human rights, while deceitfully killing the unarmed innocent with jet raids and mass-murder."

"3 This massacre shows the size of the cooperation by the Yemeni government, and the leaders of the Arabian Peninsula, with the Zionist-Crusader campaign, and they transformed into tools in the campaign's hands to kill our Muslim people."

"4 The confusion and lies in the Yemeni government's press releases regarding Abin massacre claiming that the raids were Yemeni while they were American according to the Americans' claims."

"5 The Yemeni government mocked the Muslim blood and clearly lied; it claimed that the operations did not include civilians, while the world watched through the satellite channels the corpses of women and children, and also the director of al-Mahgad directorate confirm that 'the number of casualties reached 49 women and children and civilians.'"

"6 Failure of the multilateral campaign to achieve its goal in destroying the mujahideen in the Arabian Peninsula in Abin, Sana'a and Arhab."

"7 We commend the proud tribes of Arhab for their honorable stand in breaking and deterring the campaign that attacked Arhab region, which led them to leave disappointed and defeated."

"8 We encourage the Ulama and advocates of the nation to carry out their duty to speak the truth in support of the murdered Muslims in this massacre, and to show to the people the ruling of cooperating with the Americans in attacking Muslim countries."

"9 We will not let the blood of the Muslim women and children pass without avenging the, Allah-permitting."

"And lastly, we call upon the proud tribes of Yemen—people of support and victory—and the people of the Arabian Peninsula, to face the crusader campaign and their cooperatives on the peninsula of Muhammad, prayer and peace upon him, and that's through attacking their military bases, intelligence embassies, and their fleets that exist on the water and land of the Arabian Peninsula; until we stop the continuous massacres on the Muslim countries."
