“After years of unjust American occupation of Arab-Muslim Iraq, and after many Jihad and resistance rounds against this ugly American invasion, by which blood was shed and honors were violated, and the invaders with it tried to split Iraq and create Fitnas and confusions. After all that, the oppressive American invasion realized that the battle is a lost cause and that they drowned in Iraq’s mud, and their plans in the region started failing, and the cost of their remaining inside Iraq’s cities, villages and towns became very pricey protectively, militarily, humanly and financially, and that it is inevitable to run under the cover of political decisions. [This is] exactly how the criminal Sharon ran away from Gaza under the symbol of ‘disengagement AND withdrawal from one side.’”

“At the Martyr Ezzedeen al-Qassam Brigades, and regarding what happened in [the] freed Iraq, we assure the following:”

- 1- “We congratulate our brothers in the brave Iraqi resistance, including all its platoons and Jihadist forces, and we salute their solidification and...sacrifices with blood and flesh, and their valuable and precious efforts for the cause of overpowering their invasive enemy.”
- 2- “This American withdrawal from Iraq’s cities and towns is an introduction to the big escape of all the invasion forces and their allies, from the Islamic Baghdad and all of the land of Iraq, with permission from Allah.”
- 3- “The victory of the Iraqi resistance is an episode in an integrative series; it is a service to the Islamic project that stands, in every area of Earth, in the face of the neo-imperialistic project(s) and the rogue Zionist-American plans.”
- 4- “It is rightful to our brothers in Iraq to continue their sensible resistance against outside invading forces in all forms as long as one inch of the Iraqi land remains occupied.”
- 5- “The American project in the region will fall resoundingly, and committing any new stupidity in Palestine, Iraq, Afghanistan or others will be a disaster for America and her armies, and all of their schemes will shatter atop the rock of the [Islamic] nation’s awareness, Jihad and steadfastness.”

And, victory is only from Allah
