“These are some of stances, which I will stand with U.S. President Obama, I would say at the beginning of the meeting: Oh Obama, oh Obama: you did not ask yourself? Or you did not ask yourselves? Because I am not addressing the parole to you only, but to all the countries that stood with you in the war against Islam and Muslims and in the war on the Jihad and the Mujahideen, haven’t you asked yourselves why till now we haven’t won the war in Afghanistan? What is the secret? What is the reason? Even that you own aircrafts of all types and forms? And tanks of all types and forms and missiles...? But why to date haven’t you won? The mujahideen are poor and weak. They do not have the Air Force nor the tank corps and don’t have anything. They are poor! What is the secret and what is the reason till now you didn’t win against the mujahideen in Afghanistan? What is the secret?”

“I will tell you Obama, and there is no need for you to hold conferences and meetings. The secret is: Allah Almighty glory to him! Truly, Allah defends those who believe. Yes, this is the secret!”

“This is the truth, we must understand that truth. You, Obama, the one in whose hand is the sovereignty of everything, he decides on all matters, and runs everything as he wills, the almighty the most high. That is not you who decide on all matters as you want. I consider – oh Obama – that Afghanistan is the miracle of the history, and - in other words - the miracle of this age! Now the two most powerful nations in the world, Note, the two most powerful nations in the world who are they? Russia and America, however, they could not prevail on the mujahideen in Afghanistan. Praise to Allah, even that they do not have anything ..., they’re weak.”

“Now what do you think, you Obama, there is no doubt that all the nations of the world stood with you, all the nations of the world go down to you. What do you think Obama, if you had been told that 500 years ago all the nations of the world met to [fight] one country, and that country was poor and weak and didn’t have anything of types of deadly weapons, however, could not prevail on this state! The poorest countries stand up to the richest states! If you’ve been told of that would you believe? Me, I would not believe. All countries of the world stand in front of one poor country with poor and simple weapons. However, they couldn’t defeat it. As I told you, Afghanistan is a miracle of history, the miracle of this age. Before Islam there was Caesar and Kisra, two of the greatest nations. Now the greatest in this age are Russia and America. To date, however, neither could not prevail on the mujahideen in Afghanistan. And now the battle is not over...Therefore, you, Obama, you don’t know the Afghan people!”

“The Afghan people are being given as an example of patience, the people of desert, mountain people. By Allah, your soldiers are tired, tired, tired, tired.”

“Obama: People who grew up on the wine, and were raised on the immoral, and grew up on the dance halls, and raised in the red nights, cannot be patient on the wars and battles. This is why we must review ourselves. These calamities that hit you, the disasters, economic collapse, one day hurricane, another day fires in forests, another day ... all these are from Allah Almighty glory to him, why? Because you violated Muslim countries, and raped Muslim women, violated honors and done so and so and spoiled the land only Allah knows.”

“Obama: I am traveling around in Afghanistan, from village to village and from city to city and from state to state, thanks to Allah, and the bounty and the credit and praise, I speak in mosques and urge the Afghan people for a holy war and urge them to stand with the mujahidin and expulse the Cross, which has blighted the country and the people.”

“Frankly, Obama, haven't you asked yourselves what have we accomplished during the eight years? You are now in the eighth year of war in Afghanistan, what have you achieved? Have you achieved one goal? Loss of funds, loss of lives, waste of energies, Compared to what? Compared to none, by Allah, you haven't achieved any goal.”

“By Allah...since your soldiers came to the land of Afghanistan, crimes have gone up and thefts have increased and bandits have increased in numbers and corruption has become more frequent and more problems [have arisen] among the people. Have you realized rest for the Afghan people? Have you realized happiness for the Afghan people? Have you realized tranquility for the Afghan people? Have you realized safety for the Afghan people? By Allah, you, Obama, achieved nothing, eight years and you haven't achieved any goal. How long will this terror go on for you Obama?”

“You spoiled bloodshed, you Obama, you raped Women, you Obama, you killed children, you Obama, you destroyed the mosques, you Obama, you desecrated the Koran, you humiliated Allah's words, you Obama! By Allah, this is the greatest terrorism, the greatest terrorism in the world is the desecration of the Koran you, Obama, and your soldiers have been found guilty of humiliating the book of Allah, the almighty and glory to him in several instances. In the province of Khost, where your soldiers, slaves of the cross, have gone. They entered one of the private schools, which teaches the holy Koran, and started beating the young students, and took the Koran and began firing at it with machine guns! Isn't this terrorism, you Obama? Isn't this terrorism? By Allah, the greatest terrorist in the world is the humiliation of the book of Allah.”

“In the state of Ghazni your soldiers, slaves of the cross, entered the mosque and started insulting the Koran in the House of Allah and vandalized the mosque, and the people went out in demonstrations. Obama, how long will this terrorism last?”

“Obama: I went to Kabul and toured in Kabul, just in Kabul. Imagine Obama, 40000 widows! 40000 widows isn't terrorism? We have 40000 widows, who don't have a man, isn't this terrorism you Obama?...You may be surprised why I call your soldiers lovers of prostitution. Obama, quite frankly, when your soldiers go and roam in the villages looking for the Afghan mujahideen, they start harassing the women, and women are subjected to them and raped by them. You Obama know that in our faith in our Islam that women have a place, with greatness of her sainthood, have a great place in our hearts and in our society, not like in yours! No, no, no. In yours, women are humiliated, women are exposed, on the streets in the discotheques in the factories, go out with whom she wants, sleep with whom she wants, travel with whom she wants, stay out late with whom she wants, No, Obama, we are not like this you Obama. Obama we, and watch well for this word - we set up a war, set up a war, for what? For a woman.”

“One time our Prophet, Peace Be Upon Him, set up a war against the Jews for what? Because one of the Jews harassed Muslim women in the market, a Muslim man went to kill...Jews, the

Jews killed that man, therefore our prophet, Peace Be Upon Him, set up a war for what? For a woman. You, you don't set up a war for a woman, impossible, impossible, and impossible to set up a war for a woman. We – Obama – and note well that word – we sacrifice our souls and our blood and we have for what? In order to preserve the women. You, you don't sacrifice your souls and blood in order to preserve women."

"You bring the best and most beautiful woman you have and make her make publicity for shoes! Is this where you place women? Is this the standing of women? You make the most beautiful woman and the sweetest woman trade for shoes! Praise Allah! For us, Obama, a woman is like a Jewel, a diamond. If you have a jewel or a diamond, would you expose it to people or would you maintain it? Certainly maintain it. Therefore, I would say to you, Obama: Where is the evolution? Where is the progress? Where is the civilization that you pretend when you sexually abuse Muslim women and rape them and harass them. Is this evolution? By Allah, this is not evolution. This is retardation..."

"Obama: Think of your fate...What is your fate after death, you Obama? You will die, by Allah, you will die, as your father died and your grandfather died, but what will be your fate you Obama after death? What will your fate be? The world will end, the prophet, Peace Be Upon Him, said: 'any Jew or a Christian who hears of me, then would not believe on me, Allah will throw him in the hellfire' as our Prophet, Peace Be Upon Him, said."

"Obama: When you come on the Day of Resurrection, that terrible day, difficult day, critical day, and come alone, where are your soldiers? Where are your guards? Where is your money? Where is your position? Where is your fame? Where is your dignity? All Gone, oh Obama, all gone...then what? Stand up in the hands of a great Allah, the big Allah, honorable Allah, the Allah of the ancients and the later generations and the Almighty Allah glory to him will ask you about the blood of Muslims in Palestine, and Allah asks you about the blood of Muslims in Somalia, and Allah asks you about the blood of Muslims in Iraq, and Allah asks you about the blood of Muslims in Afghanistan. Allah will ask you about the blood of the martyrs and the blood of women and children and the blood of the old...Where is the escape you Obama?..."

"Obama: I want you to think for five minutes only. Imagine this scene. Imagine...a volcano...and think of yourself swimming in that very great volcano...I won't say for an hour, but one minute...and imagine yourself swimming in that volcano. What about the torment of the hellfire! What about the torment of the hellfire, you Obama! Fire, fire and what will make you know (exactly) what fire is! Its torment is so painful and its heat is so intense and its bottom is so far, our Prophet, Peace Be Upon Him, says that if a drop of Zaqqûm (a horrible tree in Hell) falls on the people of the earth...just one drop down on the people of the land is enough to ruin their lives. All people will suffer from this drop, something that the mind can't imagine or a man can think of. Then our Prophet said, Peace Be Upon Him, what about the one who the Zaqqûm will be his food and drink! We ask Allah safety and wellness. The punishment of Allah you Obama does not have bounds, and does not end. Allah the Great and honorable says: 'But those who disbelieve (in the Oneness of Allah - Islamic Monotheism), for them will be the Fire of Hell.' Neither will it have a complete killing effect on them so that they die, nor shall its torment be lightened for them. Imagine you Obama that the greatest wish of the people of Hell is death, but cannot die. Neither will it have a complete killing effect. Rest from the torment of fire, or its torment will be reduced, sitting in a thousand years in the torment. So on that Day none will punish as He will punish. And none will bind (the wicked, disbelievers and polytheists) as He will bind."

"Obama: You raised the slogan '...yes we can' during the election, which means that we can. Oh no, no, no you cannot Obama. The slave is weak, slave is creature, can only after the will and desire of Allah. But you cannot will, unless Allah wills. You, praise and thanks to Allah, to date you could not against the mujahideen in Afghanistan, even that all the nations of the world are with you. All the nations of the world...do not forget kneeled to you in the events of Afghanistan, yes, every country in the world goes down to you. The events of Afghanistan revealed the facts. In order that Allah may distinguish the wicked (disbelievers, polytheists and doers of evil deeds) from

the good (believers of Islamic Monotheism and doers of righteous deeds), you do not have anything you Obama. Allah Almighty and most high says about himself: 'O Allah! Possessor of the kingdom. You give the kingdom to whom You will, and You take the kingdom from whom You will, and You endure with honor whom You will, and You humiliate whom You will. In Your Hand is the good...Think of this verse, 'Verily, You are Able to do all things.'"

"Obama: We have a great faith that in the hands of Allah the Almighty, and glory to him is everything, I am telling you about the mujahedeen in Afghanistan. You Obama, I mixed with the mujahedeen from the Taliban and I sat down with the princes and leaders. By Allah they have nothing...And yet so far you could not win against the mujahideen in Afghanistan, and this is because of Allah's favor and mercy and generosity the Almighty glory to him. And the world will see, with Allah's will and power, that he is The Originator of the heavens and the earth. When He decrees a matter, He only says to it: 'Be!' - and it is. The world will witness this year or next year you Obama, Allah's willing, and Allah's grace and strength and ability and power and reign and handling that the mujahideen in Afghanistan were victorious over the slaves of the Cross..."

"Obama: The lesson is not at the very beginning. No, no. The lesson is in the end. The one who withdraws first from the battlefield is the loser..."

"Like you've raised the slogan 'yes we can' means we can. I also have my slogan Obama. My slogan in this world you Obama, save the logo: my day of happiness is the day I die martyr, my day of happiness is the day I die martyr, why I am telling you this you, Obama? I am telling you this you Obama because the real life for us Muslims, the real life is not in this world you Obama. No, no this is not real life. Real life, you Obama, for us Muslims, begin after death, Allah is great! Imagine that stance you Obama, there is no god but Allah! When the spirit of the believer or the spirit of the martyr comes out, where does it go?...It goes to Allah...The prophet, Peace Be Upon Him, said: 'one's who love the meeting of Allah, Allah loves meeting him'..."

"Obama: Your soldiers besieged me. I have been surrounded by your soldiers for ten hours. Besieged for ten hours. Imagine Obama. Thirty tanks with helicopters and warplanes...The battle began at seven in the morning, but the first thing the battle started, By Allah, I tell you my feelings. I talk to you quite frankly, you Obama, the Almighty Allah and glory to him, because of His mercy and grace He sent down As-Sakinah (calmness and tranquility) upon us with grace of Allah. We were surrounded in one of the villages of Afghanistan. The first battle broke out at seven and thirty. They attacked us. The worshipers of the cross, lovers of prostitution in this village. We were hiding in an Afghan village. We were surrounded by thirty Hummers, tanks, and helicopters... tell you my feeling, Obama, and I do not forget this day because it was on Monday, and thankfully Allah this day, I was fasting. And credit to Allah for His mercy, and my greatest wish, imagine Obama that my greatest wish and biggest wish and sweetest wish in this world do you know what is it you Obama? It is to die a martyr for the sake of Allah while fasting...The weapon jammed. Honestly, I tell our weapons are old, we poor! And your weapons are the latest models!"

"The disruption of weapons is not a problem. We have grenades, but there is bigger problem...We take it from the book of Allah and from the tradition of our Prophet peace be upon him, what does Allah almighty most honorable say in his book? Almighty says: 'Those (i.e. believers) unto whom the people (hypocrites) said, 'Verily, the people (pagans) have gathered against you (a great army), therefore, fear them.' But it (only) increased them in Faith, and they said: 'Allah (Alone) is Sufficient for us, and He is the Best Disposer of affairs (for us).' Allah is great, why did they say 'Allah (Alone) is Sufficient for us, and He is the Best Disposer of affairs (for us)?' They didn't say East is sufficient for us, or West is sufficient for us, or that person is sufficient for us, or that side is sufficient for us, no they said: 'Allah (Alone) is Sufficient for us, and He is the Best Disposer of affairs (for us.)' Why? Because the faith is in their hearts, because the greatness of Allah is in their hearts, but if there was greatness of the creature in their hearts, they would have said East is sufficient for us and West is sufficient for us!"

“We believe in the saying of the prophet, Peace Be Upon Him, when he said: ‘guard Allah, he will guard you.’ Till when he said: ‘...and know that if all the nation gathered to harm you of anything, they couldn’t do except what Allah has decided will happen to you. In our doctrine what Allah wants will happen, and what Allah doesn’t want, won’t happen. Imagine you Obama, I slept in the course of the battle...There was bombing, bombing, bombing, bombing, bombing! Thanks to Allah and praise for him and with his guard and care, your soldiers, the adorers of the Cross, didn’t know the place where I slept. This is thanks to Allah, we believe, as I said to you Obama, we believe that what happened to you wouldn’t have missed you, and what missed you, wouldn’t have happened to you, till the battle ended...Before the prayers of Maghreb (sundown prayer), the troops withdrew, but I didn’t have the chance to be a martyr in that battle...I am not showing my muscles to you, or showing my heroism and courage and strength. No, no, no, Obama, Allah almighty, glory to him, advised us against this. So ascribe not purity to yourselves, but these are feelings.”

“I swear to you Obama, if I don’t die a martyr in this battle, because this battle is one of the greatest battle of Islam, a great battle, the battle of Islam with the slaves of the cross. This is one of the greatest battles, you imagine Obama, in history...that all the nations of the world agree on the war against Islam and Muslims and the war on jihad and the mujahideen in the land of Afghanistan. In the Russian days, all the world was with the mujahideen but now all the world is against the mujahideen. I would say this battle is one of the best battles of Islam in these times. By Allah, if I don’t die a martyr in this battle, I will be very sad with great grief. You Obama. You come to Afghanistan for what? For life? For this world? We, Obama, come to Afghanistan to die as martyrs for the sake of Allah. We come to Afghanistan for the Afterlife...That is the truth I want you to understand, you Obama. I have come to Afghanistan so the word of Allah is uppermost and the word of those who disbelieve is the lowermost. By Allah...we will never accept that the word of the disbelievers rises above the word of Allah. By Allah, we will sacrifice our blood and our money and everything. We have so that the word of Allah is the uppermost and the word of the disbelievers is the lowermost.”

“We came to Afghanistan so that Islam is superior and nothing goes above it. Obama, I want you to think of your fate very well. Think of your fate, think of your reality. This world is temporary, and death comes suddenly. And then what? Everything will be forgotten in this world. Where are the kings? Where are the presidents? Where are the princes who preceded us? Where are they? Forgotten in all this time. Went to where? Went to the afterlife...A man may enjoy, for how long will he enjoy, sixty years? Seventy years? And then what? To death? Think of yourself when you will be put in your grave, in that narrow gloomy hole, no friend, no companion, nobody with you, Obama.”

“True happiness is in Allah’s religion. By Allah, when the human says this word, the greatest word in this whole existence is the word: ‘there is no god but Allah.’ We live by it and we die by it and fight for it. We do not accept, you Obama, to fight for the sake of other than Allah Almighty glory to him, yes, we don’t fight for nationalism, nor for ignorant slogans, no, we fight so the word of Allah is the uppermost and the word of disbelievers is lowermost. By Allah, when a human says: ‘there is no god but Allah’, imagine, say ‘there is no god but Allah’. Say ‘No god but Allah’. The human feels happiness, feels comfort, feels tranquility, feels strength, feels stable. This is the greatest word on which the skies and earths have risen up. There is no god but Allah.”

“We have no doubt that Jihad for the cause of Allah is the path for the nation’s life and this path. I mean the path of Jihad, despite what it has of adversities, hardships, roguery, tiresome, and images of scourge, but it is the path Allah, raised and glorified, willed to reach His grace, and to actualize worshipping Him, and the evidence on the honest of His love, and the distinction of the people of honesty and faith from the people of heresy and hypocrisy, and the encourager to the lines of [all] Muslims and the way to establish the flag of unity [Tawheed] and remove the polytheism and denunciation.”

“Jihad for the cause of Allah is the haven of the weakened, refuge of the homeless, house of worshippers, safety of the scared and startled, and the road to raise the humiliation and misfortunes from the suppressed and subjugated, and the trace of corruption will not be cut from Earth except by Jihad and patience. How is, then, it is not [in] the life?”

“In it [Jihad], there is the goodness of life and the afterlife, and in leaving it there is loss of life and the afterlife, and it includes one of either Husnayayn, either victory and success, or martyrdom and paradise, and His [Allah] grace is great; how and it includes sacrificing the dearest of delights and entering the greatest of hardships into the soul, and asking for Allah's grace, and its benefit will cover all Muslims, and an alternative to Jihad is not equal to it in benefits, and its danger is not equal to its graciousness.”

“And, as Allah, raised and glorified, took the responsibility to protect His [holy] book and religion, He assured to keep a sect of people of truthfulness, determination and knowledge that are responsible for His matters and callers for His Sharia, and fighters for Him that are not intrigued by those who oppose them or disappoint them. They carry Jihad for His cause and they are not scared of any accusers. Their concern is to receive His grace and their intentions are to establish His Sharia, and their will is to win His paradise so they fight His enemies and subjugate them, and they ally with the believers and they have compassion for them. Their feet are solidified on the path of truthfulness; and delightfully they occupy the regions of honesty where they feel Allah's graciousness upon them while speaking of his words.”

“The nation of Islam for long faces storms and waves of tribulations and Fitnas, so Allah secured for it His honest soldiers and faithful servants of those who stood steadfast in front of it. The steadfastness of great mountains, and they push back the storms by the power of patience and solidity, and through them Allah diminished the plot of criminals, and disfigured, through their faith, the witchery of failures and made them an example to the worlds. They take an example of them and carry similar deeds to them. And they are lively by their biographies and heroisms, O bless the former and the latter, and make them the best of leader and follower.”

“At this time, in which the tyrants have armed their armies east and west, and they are arrogant within themselves and spoke most falsehood, and they allied and gathered for war against Islam and its people, and they called between themselves via their media, establishments and speeches.”

“In this time, people joined with their humiliation and were lost in their misguidance, and bowed and kneeled to them. The people of Islam and soldiers of faith shook in front of the face of the unjust and boastful to diminish their dreams by the determination of truthfulness, and to tear apart their armies with the swords of righteousness, and to break their thorns with the shovel of competition and determination, and for the sake of their religion their sold everything, and they told the unjust arrogant people and their party: ‘we are led by our Lord's promise’.”

“So, Allah facilitated for the believers the fight against those arrogant Kuffar, and He helped them to encounter their unified soldiers of Jews, Christians, atheists and their apostate assistants. Then the Jihad battlefields became open in where the competitors compete and the racers race until goodness popularized by Allah's grace and will, in Earth's West, East North and South. From amongst those prideful battlefields, solid against the tyrants and their allies, a land that tasted the sweetness of sacrifices decades and decades, and with its soil pure blood mixed and watered its mountains, hills, cities, villages, plains and deserts, and it was crowned by a name it boasted about amongst countries and refused it to be forgotten or unpurified, so it brought back its brightness and inlays and renewed and shined it. It is the country of ‘Million Martyrs’. The Algeria of goodness and giving. The Algeria of effort and sacrifice. The Algeria of patience and pride. O the greatness of it and its Muslim people who engaged one of the most vicious and longest battles of history.”

“Yes, the Christian [and] grudging France wanted to corrupt this Muslim populace in belief and creation, loyalty and identity to walk by the knees of the well-off like the situation of the miserable populaces, and it sent its beasts ready to tear apart the bodies of the weakened with ugliness and atrociousness...and it burnt with the fires of its grudging crusade everyone in its way, and no human, tree or stone was safe, so, the hypocrite people and those who have diseased hearts spoke and the people of faith increased their solidity and awareness.”

“And, from the sides of this problem, and from the midst of this storm, brave men, heroic leaders and patient Ulama graduated, and enforcing the truth. The Jihadist Algeria got to know them, and even all of Earth, and they raised the clear pure flag of Jihad and martyrdom. And they sacrificed the expensive and cheap to reserve the identity of Algeria to remain Islamic on belief and approach and Sharia. In laws, behavior, creation, language and loyalty, and cut off all the French connections, that which the enemy worked on to enforce on it and keep it in its veins.”

“Yes, O Muslim people of Algeria, your period of sacrifice is recent, and many of the wounds of that era are still bleeding, and is it possible for a deep wound the blood remained flowing in its depth for more than one hundred and thirty years to become forgotten or erased? No! By Allah, it is a wound that blistered the eyes of orphans, and in it the children of widows vanished, and all of Earth complained about its heat, and Islam exhaled for the intensity of its occurrence and pains. But all of that becomes easier as long as Allah [remains], and, by Allah, no good deed is forgotten.”

“But, the great disaster that is bigger than all these disasters, and by which all problems are easy is to not reach our intentions after all we have sacrificed, and to see the fruits of our sacrifices picked by the same hands we always awaited to remove. And the more bitter than [all] that is to accept wicked fruits that lay above us like diabolical heads that we live with, in the illusions of freedom, liberation and independence for more than forty years.”

“Yes, the Muslim Algerian people sacrificed with the best of their youth, women, sheikhs and Ulama to raise a pure Islamic country, not to solidify with these sacrifices the pillars of a passing-by secularist country. So did they achieve what they want?”

“And, the Algerian people sacrificed to govern with Allah's [holy] book, and the Sunna of His prophet, prayer and peace upon him, not to be dominated by a placed constitution and systems that were gathered and collected from the waste of human kufr rejectionist ideologies. So did they achieve that wish?”

“And, the Muslim Algerian people have sacrificed to make Allah's words the most superior, and to make faith directed [only and all] to Allah, [but] not to split Allah's religion and cut [between] His laws and select from [amongst] His Sharia. So has faith become all and only to Allah in Algeria?”

“The Muslim Algerian people sacrificed to bring up their children and raise their generations with the pure Islamic belief, and the high Islamic behavior, and the secured purity of Islam, not as followers to the West. Assault as they assault and walk as they walk.”

“The Muslim Algerian people sacrificed to be taken care of by loyal...honest emirs...just in their rulings and steadfast with their Lord's Sharia, not to be ruled by apostate Kafirin...”

“The Muslim Algerian people sacrificed to enjoy their country's goodness that Allah, raised and glorified, has given to them, not to see it passing under their feet and crossing the depth of their seas, to raise by it a Western ignorant monument the kafirin enjoy.”

“Yes, this is the truth. The children of this Muslim people have realized after France and its servants—who drank from its milk—tried to hide and erase it. The determined Ulama and patient mujahideen rose in front of this corruptor to scandalize him and tear off his dirty clothes, and they removed the veil from the dirty French face that started hiding behind the traitor leader and the

generals of tyranny and corruption. So the flag of Jihad in Algeria was risen against them as it happened before against their masters and allies, and the convoys of heroes delegated and the convoys of martyrs frequented, to mix today's blood with yesterday's, and keep the rope if sacrifice tied and long to hang every interfeerer and cooperative."

"A greeting of love, kindness, honor, brotherhood, loyalty and support to the Muslim Algerian people and its pure selected people in al-Qa'eda Organization in the Islamic Maghreb, and atop them the mujahid sheikh our brother Abu Musab Abdulwadud, may Allah protect him. O how great those enlightened faces and washed hands and kneeled hearts and tearing eyes who came to become a determination to their nation in the time of humiliation, and hope in the time of misery. And a light shines in the skies of darkness. And a strong determination in the broken spots, and condolences at the time of miseries and cries."

"O lions of battle and knights of fight and heroes of the battlefield: go with Allah's blessing and protection, and thank him for he has chosen you to become the couriers of His Sharia and distributors of His words, by steady faith and complete unity and clear path."

"Today, you, with the grace of Allah, are a part of the triumphant sect that appears for truth, and isn't harmed by those who oppose or disappoint it, and to realize that you are upon clear truth, so steadfast until you meet your Lord while you are like that, and to know that guidance brings guidance."

"We have seen by Allah's grace towards the mujahideen throughout the years in passing problems, and patience on images of disasters, and transferring from one period to another until with Allah's grace they reached what they are now of grouping the words and connecting the lines and uniting the goals, so they, with the distance of their countries and the scattering of their homes, started feeling from the depth of their hearts the truthful loyalty towards each other, as they are today in Eastern Earth and in its Western in one trench, one line, in front of one enemy to achieve one goal."

"We thirdly stand in front of the situation Allah likes the mujahideen to fight in...it is an individual responsibility in itself but it is individualistic in a group picture, and in a group that has a system, because the people against Islam come in groups and turn against it huge groups, so the soldiers of Islam must face their enemies in one line, together with organization, and a tight line that is steadfast, because the nature of this faith when it defeats and dominates upon a group to establish a tight integrated society, as the image of the alienated individual who worships and carries Jihad and lives alone away from the nature of this religion and [away] from its affairs in the case of Jihad and in case of domination, and after that, life."

"By Allah you are in a great Islamic trench. So be cautious. Islam is defeated when you have tasted the sweetness of Jihad and felt the breeze of group blessings, and you saw the cowardice of your enemy."

"So not turn to the falling media silliness which was founded and grew upon lies and untruth, so your noise and commotion isn't but a scream no one hears from who screamed it. And, do not worry about the accusations of those who changed their religion, as Jihad and mujahideen affairs are not separated from the likes of those. And despite that, the convoy of truth is forward like a sharp sword crossing its path with solidity, steadfastness, awareness and pride, and that is because Allah had deflected their accusations and contradicted it one after another in His dear book."

"So, strengthen your campaign against the enemies of Allah, those children of France and its servants, and target them in your fights, and target them in their camps and refuges, including their intelligence forces who fight the Muslims and challenge Allah and His messenger and insult the sharia and religion. So defend for your fathers, mothers, brothers and sisters and the rest of weakened Muslims as answer to the Lord's call."

“All of that for protection of their religion and securing of their blood and in defense of their honor and to uplift degradation and oppression from them. So be the most merciful towards them and the most sympathetic, and reconcile the weakened, by taking an example of your prophet, prayer and peace upon him.”

“And, in this homeland I encourage my Muslim brothers in the entire Islamic Maghreb to stand an honest stance with their mujahideen brothers in the Algeria of sacrifice, and to prevent the boundaries of differentiation and dams of divide that scattered the nation into parts and tore it into pieces until shame struck it...and the repulsive apostate leaders oppressed them and their parties became content.”

“Jihad in Algeria today is your hope for salvation from the hell of the unjust ruling systems. Those who crowded their prisons with your youths and children, and even your women, and their directed their armies and police and intelligence against you and opened for you the doors of suppression, and Algeria is only a link of the oppressive tyranic governments, and for it Allah solidified your brothers in al-Qa'eda Organization in the Islamic Maghreb so they unified your efforts and included...your efforts and gathered under their flags and leaderships and emirates your ranks. And for you to know that your victory and their commandments is your commandment and their salvation is your salvation.”

“So O groups of Ulema, speakers, literalists, and poets in the [most] knowledgeable, Mauritania, this is your time in supporting you brothers and neighbors. And neighbors have rights towards their neighbors as today they are in most need for you. So go to defend them and to encourage their support and to spread their grace, and to strengthen them and weaken the efforts of their enemies, and remember the words of the prophet, Allah's prayer and peace upon him: 'The believer carries Jihad with his sword and tongue, and [I swear] by the One who's in control of my soul, it is as if you hit them with the seepage of nobility'.”

“O youth of sacrifice in the furthestmost Maghreb in Tangier, Rabat, Morocco, Jeddah, Casablanca, Maknas, and each of its cities and villages: You have been oppressed by a sissy tyrant who shows you the worst of torture; imprisons and kills your children and shames your women and degrades your Ulama and repulses your religion and belief. So by Allah you will not taste the sweetness of faith and mercy of Islam except by shaking his reign and removing his rule. So be a bond, support, and help for your brothers in Algeria, as your disaster is theirs. So strengthen their determination and line behind them as they are the gate of openness and steadfastness for you and them, Allah-willing.”

“As for you; Youth of sacrifice in Libya, in Darnah, Benghazi, Tripoli, Sabha, Houn, Ghatt, and Ghadames: For forty years, you were under the reign of who had you taste torture in [all] colors, and all kinds of oppression, as he killed your children, scattered your youth, slaughtered the best of you, humiliated your religion and belittled your prophet.”

“You become to know Iraq and Afghanistan with your sacrifices and heroism, and those closer are priority to receive your favors as you are the people [full of] hospitality and generosity. So be generous with your money as an answer to Allah. And with your men seeking Allah's graciousness. And to combine your ranks with the ranks of your brothers, and to include your efforts to theirs, and your opinions to their opinions as the hands of Allah are closest to the group.”

“And, O lions of Islam in Tunisia: Your problem has lengthened. Your tribulation has intensified your plague has grown by one of today's Pharaoh and Titans, so he disfigured the face of your bright country, and he fought your religion in a fight bigger than his own masters' who plotted for it. So, where are the olive of knowledge and Jihad and the Tunisia of sacrifice? Here a spark of hope has brightened for you and is shining from the near Maghreb with the honest Jihad flag that was raised by pure hands, not stained by a loyalty to West or subjugation to East, so leave to

their battlefields and become a stone of construction for Islam monuments that will haven the weakened and refuge in it the scared, and in it the oppressed will find mercy.”

“O heroes of Islamic Maghreb in Algeria, Mauritania, Mali, Niger, Libya, Tunisia and Morocco: This is the time for your uprising and the hour for your standing as your enemy has solidified for his oppression and has made a decision so make your decision, and he has crowded his soldiers so bring about your soldiers and build your ranks and unify your leaderships, and send your patience, steadfastness and unification a message to the Kuffar of the West and East, and its summary is: ‘Go back to them and assure we shall come upon them with armies they will never resist [against]; and we shall [indeed] banish them from there in dishonour, and they will be shamed’.”
